

Otterbine Lake Aerating Fountains

Otterbine has been leading the world in lake and pond water quality management for over 50 years. They have adopted disciplines from wastewater engineering and lake management experts to produce highly effective aeration systems that also offer impressive fountain-like spray patterns. Otterbine's aerating fountains help give nature a boost by treating the causes of poor water quality, including algae and foul odours, and are backed by a two-year all-inclusive warranty.

Otterbine Aqua Series

Otterbine's Aqua Series fractional aerators come complete with two interchangeable nozzles (the AquaBlast and AquaGem) providing both aesthetic appeal and aeration for large ponds. Constructed from high quality thermal plastics, this unit will stand up in brackish environments and is protected by an all-inclusive two-year warranty. In addition, the floating base has recessed mouldings into which a low voltage MR16 light set can be easily 'snapped' into place to illuminate the fountain display at night.

Code	Description	Price
LMF5020	Otterbine Aqua Series aerator - 1/4HP AquaBlast fountain Ø 1.2m; height 0.4m; AquaGem fountain Ø 2.1m; height 0.9m	£875.86

Otterbine Instant Fountain

The Instant Fountain from Otterbine is designed for larger lakes with a surface area of up to 1000m², and comes complete with three easy to adjust fountain nozzles. The Starburst is best for water quality management and has a spray pattern with a low height of 0.8m but a huge diameter of up to 4.3m. The Phoenix has both a wide spray and central jet, and offers the best combination of beauty and function. The Rocket nozzle provides an impressive jet that travels as much as 3m high, and looks fantastic in small commercial and corporate developments.

Code	Description	Price
LMF5220	Otterbine Instant Fountain - 1/2HP Starburst fountain Ø 4.3m; height 0.8m; Phoenix fountain Ø 3.7m; height 2.1m; Rocket fountain Ø 0.6m; height 2.9m	£1229.04
LMF5290	Otterbine Instant Fountain 1/2 HP starter panel	£564.38
LMF5292	Otterbine Instant Fountain 1/2 HP starter panel - with lights	£646.09
