

Hunza Low-voltage Spotlights

Machined from the finest materials (either 316 marine-grade stainless steel, 63.5mm solid copper or 10mm thick aluminium with a UV stable powder coating), Hunza lights are finished to an extremely high standard. They are among the highest quality garden fittings on the market and include clear tempered glass lenses, high temperature silicon rubber seals, and come complete with 5000h lamps. The aluminium fittings are also available in a range of colours; please ask for details.

Spike Spotlights

Use these beautifully machined fittings near the house to highlight key plants, statues or water features. Each has a fully adjustable knuckle joint allowing 360° rotation and 0-90° elevation, and comes complete with a 5000h lamp.

Code	Description	Price
LGH1010	Hunza adjustable spike spot s/steel - 20/35/50w	£169.00

Moonlighter Glare Guards

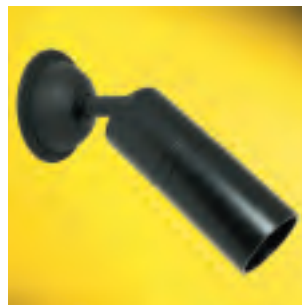

Use this accessory in conjunction with Hunza NPS spotlights (or Hunza downlights) to create a subtle moonlight effect. By mounting a number of fittings high up in a tree, the light can be directed through the leaves to create dappled shadows on the ground below. It is easily fitted, and simply screws onto most Hunza fittings in place of the standard bezel.

Code	Description	Price
LGH9056	Hunza moonlighter glare guard - s/steel	£29.00
LGH9156	Hunza moonlighter glare guard - copper	£25.00
LGH9256	Hunza moonlighter glare guard - black	£18.00

Ø 63.5mm; length of body 86mm (approx)

LGH1090	Hunza glare guard - s/steel	£27.00
LGH1190	Hunza glare guard - copper	£22.00
LGH1290	Hunza glare guard - black	£16.00
LGH9423	Hunza frosted lens	£8.00

Ø 63.5mm; length 70mm (approx)
