

UniLED Colonnade Light

The Colonnade light is the big brother of UniLED's very popular deck lights. Made from the same top quality 316 marine-grade stainless steel, it has a 6mm toughened lens and is robust enough to be driven over. Powered by a 1w Luxeon LED, it offers low running costs, exceptional lamp life (up to 100,000 hours) and is cool to touch. It can be easily connected to the UniLED system using a UniLED in-line connector listed below.

Code	Description	Price
LDF4310	UniLED Colonnade light - s/steel 1w - 1 white LED (spot)	£73.83
LDF4312	UniLED Colonnade light - s/steel 1w - 1 blue LED (spot)	£73.83
LDF4320	UniLED Colonnade light - s/steel 1w - 1 white LED (standard)	£73.83
LDF4322	UniLED Colonnade light - s/steel 1w - 1 blue LED (standard)	£73.83
LDF4330	UniLED Colonnade light - s/steel 1w - 1 white LED (flood)	£73.83
LDF4332	UniLED Colonnade light - s/steel 1w - 1 blue LED (flood)	£73.83
LDA4260	UniLED in-line connector for Colonnade, Pivot & Trojan lights	£28.89

Also available in red, amber and green; Ø 55mm; length of body 62mm; cable length 1m; spot beam angle 6°; standard beam angle 30°; flood beam angle 45°; an in-line connector is required for each fitting

UniLED Pivot Light

The Pivot light is designed with a bracket to fix to a solid surface for use as a downlight or spotlight. As with all the UniLED 1w Luxeon fittings, the Pivot light is available in a range of beam angles. The spot option has a beam angle of just 6°, giving a beam of light of only 0.3m wide at a distance of 3m, ideal for pinpointing a statue or feature. The standard lens has a beam angle of 30°, giving a diameter of 1.6m at a distance of 3m, while the flood lens has a wider beam angle of 45° to give a wash of light with a diameter of 2.5m at a distance of 3m.

Code	Description	Price
LDF4810	UniLED Pivot light - s/steel 1w - 1 white LED (spot)	£64.81
LDF4812	UniLED Pivot light - s/steel 1w - 1 blue LED (spot)	£64.81
LDF4820	UniLED Pivot light - s/steel 1w - 1 white LED (standard)	£64.81
LDF4822	UniLED Pivot light - s/steel 1w - 1 blue LED (standard)	£64.81
LDF4830	UniLED Pivot light - s/steel 1w - 1 white LED (flood)	£64.81
LDF4832	UniLED Pivot light - s/steel 1w - 1 blue LED (flood)	£64.81

Also available in red, amber and green; Ø 45mm; length of body 57mm (approx); cable length 1m; spot beam angle 6°; standard beam angle 30°; flood beam angle 45°; an in-line connector is required for each fitting

Colonnade, Pivot & Trojan lights

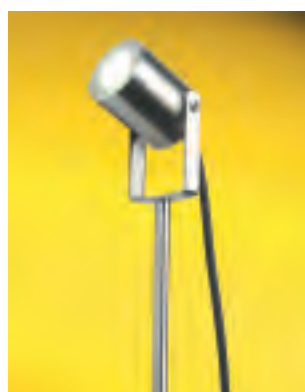

UniLED Pivot spike light

UniLED Trojan Light

With a specification similar to the Colonnade light, the Trojan is the same as the Pivot light but with the addition of a stainless steel ground stake for use in pots, containers and small planting beds. Powered by a 1w Luxeon LED, it is cool to touch making it ideal for areas where children might play and is available in a range of colours including white, blue, red, yellow and green.

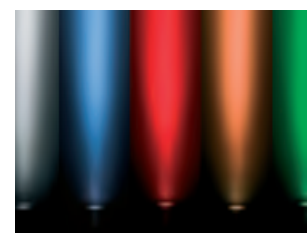

Code	Description	Price
LDF4840	UniLED Trojan spike light - s/steel 1w - 1 white LED (spot)	£64.81
LDF4842	UniLED Trojan spike light - s/steel 1w - 1 blue LED (spot)	£64.81
LDF4850	UniLED Trojan spike light - s/steel 1w - 1 white LED (standard)	£64.81
LDF4852	UniLED Trojan spike light - s/steel 1w - 1 blue LED (standard)	£64.81
LDF4860	UniLED Trojan spike light - s/steel 1w - 1 white LED (flood)	£64.81
LDF4862	UniLED Trojan spike light - s/steel 1w - 1 blue LED (flood)	£64.81

Also available in red, amber and green; Ø 45mm; length of body 57mm (approx); cable length 1m; spot beam angle 6°; standard beam angle 30°; flood beam angle 45°; an in-line connector is required for each fitting
