

Antelco Border Sprinklers & Drippers

All our micro and mini sprinklers come ready assembled and are easy to fit. They are professional quality, reliable and flexible, with an adjustable flow to allow you to put the water exactly where you want it.

Antelco Micro Sprinklers

With 180° coverage (half circle), micro 180 sprinklers are ideal around terraces, buildings and areas where overspray might be a problem. Used sparingly, micro 360 sprinklers are perfect for awkward 1m square beds.

Code	Description	Price
BRS0110	Micro 180 border sprinkler - 300mm riser - single 1.5m radius - 1.9 l/min	£2.51
BRS0112	Micro 180 border sprinkler - 300mm riser - 10 pack	£19.53

Antelco Spray Caps

Spray caps pop onto the head of standard micro 180 sprinklers to instantly convert them to either 90° sprinklers for the corner of a border or strip sprinklers for narrow borders.

Code	Description	Price
BRS0430	Micro 90 spray cap - single	£0.13
BRS0440	Micro strip spray cap - single	£0.13
